P6 Smart-Prep Intensive

The **P6 SMART-Prep Intensive Workshop** will be conducted by Mrs Sim. In addition, **Revision at Singapore Science Centre [SSC]** will be back after the break due to Covid restrictions!

Each of the workshop is an eight-hour module [spread over 2 days]. It focuses mainly on answering techniques for open-ended questions in PSLE Booklet B. A brief coverage of important concepts and how they are interwoven into questions will also be included. Students will be taught how to analyse questions and identify clues in order to construct answers that are specific to each type of question. This is to equip children with skills for tackling prevailing challenging science questions which are often an integration of the different topics across the curriculum. The Revision workshop at SSC is a full day affair which aims to help pupils revise the primary science topics in a relaxed and fun way at SSC [limited seats available].
